Greetings Family!

It's been a while since the last update regarding the 2014 Family Reunion. However, the reunion committee continues to communicate via conference calls in an effort to discuss and finalize the specific details on the reunion. The purpose of this letter is to provide you with information as it relates to the room reservations and cost of the meal. The committee is encouraging each of you to please make a strong effort to reserve your room as soon as possible and support the Saturday night dinner because we must reach our minimum guest quota in order to honor the terms of the contract so we are soliciting your participation!
